WEB DEVELOPMENT – ACTIVITY-BASED LEARNING (ABL)

1. Student Details

- **Name:** Deepthi Jayavarapu
- **Roll Number:** 80
- **Branch:** CSM
- **Section:** CSM-04
- **College:** NRI University

2. Programs Selected

1. **Sweet Treats Bakery Website** – A website designed to display bakery products in an attractive layout.
2. **Online Learning Platform** – A website designed to present educational content and learning resources.
3. **Travel Explorer Website** – A website designed to showcase travel destinations with images and descriptions.

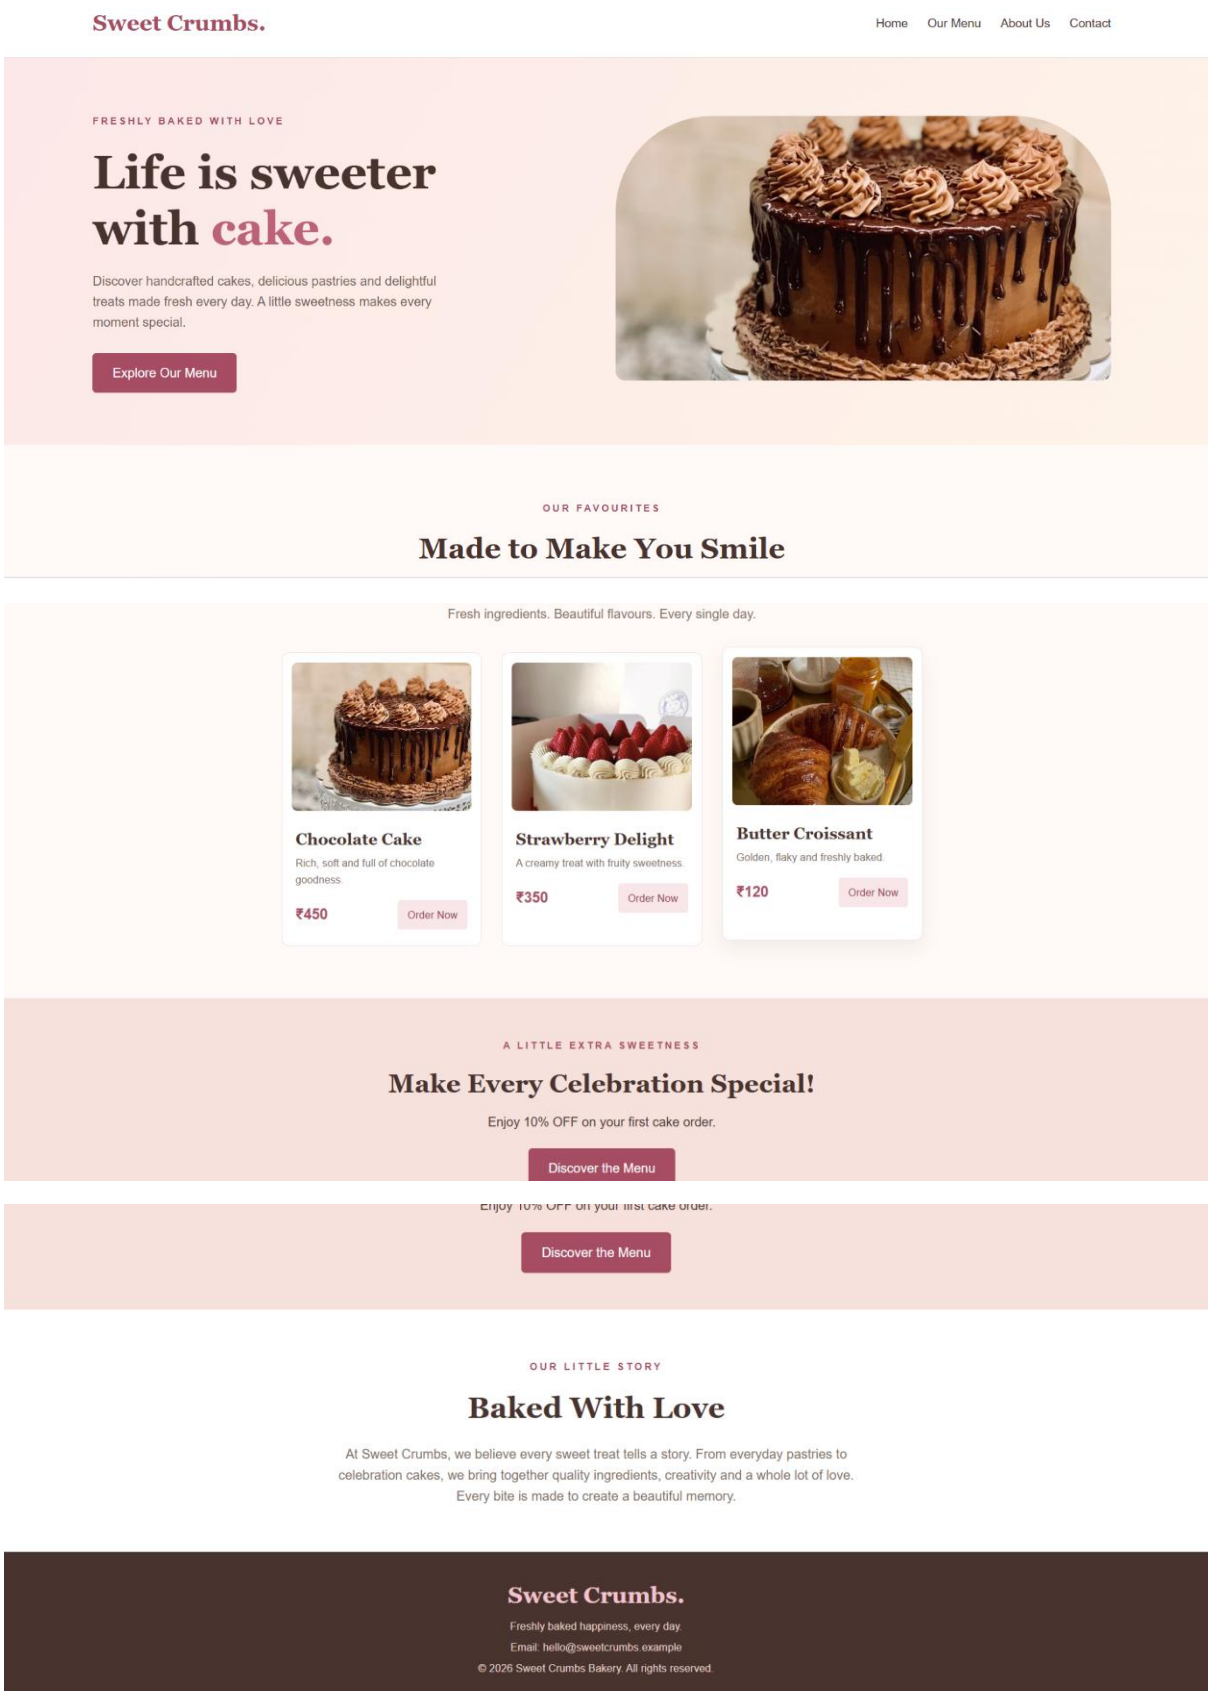

3. Technologies Used

- **HTML5:** Used to create the structure and content of webpages.
- **CSS3:** Used to style webpages with colors, fonts, backgrounds, and layouts.

4. Introduction

The main objective of this Activity-Based Learning assignment is to gain practical knowledge of web development using HTML and CSS. Through these three websites, I learned how to create webpages, add images, organize content, and apply different styling techniques. This activity helped me improve my creativity and practical web development skills.

01. **Sweet Treats Bakery Website** – A website designed to display bakery products in an attractive layout.

01. Sweet Treats Bakery Website – Source Code

HTML Code

```html
<!DOCTYPE html>
<html lang="en">
<head>
    <meta charset="UTF-8">
    <title>Sweet Crumbs | Bakery</title>
    <link rel="stylesheet" href="bakery.css">
</head>
<body>

    <!-- Header -->
    <header>
        <div class="logo">Sweet Crumbs.</div>

        <nav>
            <a href="#home">Home</a>
            <a href="#menu">Our Menu</a>
            <a href="#about">About Us</a>
            <a href="#contact">Contact</a>
        </nav>
    </header>

    <!-- Home -->
    <section class="hero" id="home">

        <div class="hero-text">
            <span class="tag">Freshly baked with love</span>

            <h1>Life is sweeter<br>with <span>cake.</span></h1>

            <p>
                Discover handcrafted cakes, delicious pastries
                and delightful treats made fresh every day.
                A little sweetness makes every moment special.
            </p>

            <a href="#menu" class="btn">Explore Our Menu</a>
        </div>

        <div class="hero-image">
            <img src="cake1.png"   alt="Chocolate celebration cake">
        </div>

    </section>

    <!-- Menu -->
    <section class="section" id="menu">

        <span class="tag">Our favourites</span>

        <h2 class="section-title">Made to Make You Smile</h2>

        <p class="section-desc">
            Fresh ingredients. Beautiful flavours. Every single day.
        </p>

        <div class="products">

            <!-- Product 1 -->
            <div class="card">

                <img
                    src="cake1.png"
                    alt="Chocolate cake">
```

CSS Code

```css
* {
    margin: 0;
    padding: 0;
    box-sizing: border-box;
}

body {
    font-family: Arial, sans-serif;
    background-color: #fffaf7;
    color: #49332f;
    line-height: 1.6;
}

/* Header */
header {
    background-color: white;
    padding: 20px 8%;
    display: flex;
    justify-content: space-between;
    align-items: center;
    flex-wrap: wrap;
    gap: 15px;
    border-bottom: 1px solid #f1ded9;
}

    }
```

CONCLUSION:

This Web Development ABL activity helped me gain practical knowledge of HTML5 and CSS3. By developing the Sweet Treats Bakery, Online Learning Platform, and Travel Explorer websites, I learned how to create webpages, add images, and apply different styling techniques. This project improved my creativity, coding skills, and understanding of web development.
